Semester 1 & 2

Course Description:

Ceramics 1

Grade level: 9-12

Length of course: 1 semester

Credit: .5

Creative ideas develop out of life experiences and are explored utilizing inquiry methods including observation, research and experimentation. Creativity and innovative thinking are essential life skills that can be developed. Artists and designers shape artistic investigations, following or breaking established conventions, in pursuit of creative art making goals. This course will provide students with the basic knowledge, skills and vocabulary to further their art exploration.

In Ceramics 1, students will learn:

- The necessary vocabulary to discuss 3D art
- Basic ceramic building techniques and terminology
- To explore techniques to reinforce the 3D art vocabulary and terminology

Learning Standards:

The Oregon Department of Education Standards for the Visual Arts will be the standards for the Visual Arts at CCHS. For further information, please visit their website at:

<http://www.oregon.gov/ode/educator-resources/standards/Pages/default.aspx>

Materials:

Air-dried clay, low-fire talc free clay, acrylic paints, glazes

Others (Articles etc.): Various technology outlets will be used during class instruction.

Notification of the Right to Object to the Use of Materials

Any resident of the district may raise objection to instructional materials used in the district's educational program despite the fact that the individuals selecting such materials were duly qualified to make the selection and followed the proper procedure and observed the criteria for selecting such material.

The first step in expressing objection is consultation with the classroom teacher or library staff and providing a brief written complaint. The staff member receiving a complaint regarding instructional materials shall try to

resolve the issue informally through the discussion of the original assignment or the opportunity for an alternative assignment.

If not satisfied with the initial explanation or an alternative assignment, the person raising the questions will meet with a building administrator who, if unable to resolve the complaint, will provide a Request for Reconsideration form which will be given to the superintendent for action.

Goals (SMART-specific, measurable, achievable, relevant, timeline-a reflection of specific critical content mastery):

By the end of the semester 100% of students will meet or exceed subject level learning standards in Ceramics as measured by a score of 70% or better on all assessments.
